

HIRING

SCHOOL HEALTH PHYSICIANS

Are you a self-motivated board certified/board eligible pediatrician who is passionate about providing care to school aged children enrolled in public and non-public schools in NYC?

School Health Physician Responsibilities:

- Improve the health of school children through case management of chronic health problems, preventive health screening, urgent care, medication administration, preventive counseling, health education, referral for care and assurance of ongoing effective treatment
- Support the development and implementation of medical initiatives that promote positive health behaviors and outcomes in the adolescent population
- Reduce high risk behaviors
- Provide medical care and public health services to students through Office of School Health Programs and Initiatives
- Function as a liaison for students with community health providers to resolve school related issues
- Serve as a consultant to the school nurse and administration on school health related concerns
- Provide clinical assistance in the event of an environmental or communicable disease occurrence

Applicants that have completed training in the following are also encouraged to apply: Post-Pediatric Preventive Medicine residency, Social Medicine, Adolescent Medicine, Community Medicine, Family Practice, Med Peds Fellowships. Training in community health or public health a plus. 10 or 12-month assignments are available.
